and Development**

The DAAD (German Academic Exchange Service), as a publicly funded, self-governing organisation of the institutions of higher education in Germany, promotes international academic exchange as well as educational co-operation with developing countries through a variety of funding and scholarship programmes.

As part of the „In-Country/In-Region Scholarship Programme“, DAAD offers scholarships for PhD and Master studies. The programme is funded by the German Federal Ministry of Economic Cooperation and Development (BMZ) and aims at university staff in the first line, without neglecting the public sector demand of academically trained personnel.

The target group for scholarships are graduates and postgraduates from Sub-Saharan Africa with a first academic degree if applying for a master's programme, or with a Master's degree if applying for a doctoral programme who want to pursue Master's or PhD courses in their home country (so called **In-Country scholarships**) or in another Sub-Saharan African country (**In-Region scholarships**).

It has been agreed upon that DAAD cooperates with the Institut International d'Ingénierie de l'Eau et de l'Environnement (2iE Foundation) by offering up to 2 In-Region and 1 In-Country scholarships for PhD at 2iE Foundation for the intake 2018.

Applicants

- have successfully completed generally a three-year university degree (Master candidates) or a two-year university degree (doctoral candidates) with above average results (2nd class upper division)
- clearly show motivation and strong commitment
- have thorough knowledge of the language of instruction
- have completed their last university degree not more than 6 years ago at the time of application
- must be nationals or permanent residents of a Sub-Saharan African country
- should generally be a) staff member of a public or private university, b) candidate considered for teaching or research staff recruitment, c) from the public sector or d) DAFI-Alumni (Albert Einstein German Academic Refugee Initiative)

Female applicants and candidates from less privileged regions or groups are especially encouraged to participate in the programme.

The In-Country/In-Region Scholarship Programme supports studies in subject areas with strong relevance to national development.

The scholarships at 2iE Foundation are available in the following fields:

- Solar Energy
- Civil Engineering
- Thermal Comfort
- Energy Efficiency
- Energy and Environment

Institut International d'Ingénierie de l'Eau et de l'Environnement (2iE Foundation), 01BP 594 Ouagadougou 01, Burkina Faso.

The duration of the PhD programme is generally up to three years, **starting in September 2018.**

The application process contains two steps.

First step:

Applicants must apply for their studies at 2iE Foundation using the contacts and the method that is prescribed by the institution. 2iE Foundation has set their own deadlines.

2iE Foundation will screen, pre-select (according to DAAD selection criteria) and short-list the applicants. A detailed report consisting of the shortlisting procedure, the entire list of applicants, the ranked shortlist and the shortlisting panel members will also be availed to DAAD. The ranked shortlist will contain at least double or triple (optional) the number of scholarships that have been attributed to the institution.

DAAD reserves the right of final selection.

Second step:

Pre-selected candidates are asked to log into the DAAD portal and register themselves and submit an DAAD application. The institution is requested to communicate the following information to the shortlisted candidates:

1. Register online via the DAAD-Portal (if not already registered):
<https://portal.daad.de>
2. Apply online via the DAAD-Portal under the tab "Personal Funding"/ "Application"

Documents to be submitted:

- DAAD application form duly filled (available in the DAAD-Portal)
- Hand signed curriculum vitae (please use the European specimen form at <http://europass.cedefop.europa.eu>), including a list of publications (if applicable).
- Recommendation letter by university lecturers (PhD 2)
- Certified copies of university degree certificates including transcripts
- Letter of motivation (if applicable: mentioning the planned research stay in Germany, see "Additional benefits")
- Copy of the passport or national identity card

PhD candidates have to submit the following additional documents:

- Declaration of acceptance from the academic supervisor
- Detailed and precise PhD proposal, including detailed work and time table (if applicable: mentioning the planned research stay in Germany, see "Additional benefits")
- Abstract of the proposal on one page (please include name and title of proposal)

Closing date for the submission of DAAD scholarship applications is 31st May 2018

The scholarship covers:

Item	Amount in €
Tuition fees	1,525
Study and research allowance (each year)	920 (PhD)
Final allowance (once at the end)	1,025
Monthly Scholarship (Accommodation, Food etc.)	500 (PhD In-Country) 550 (PhD In-Region)
Travel allowance (In-Region only)	<i>The flat rate travel allowances will be specified in the letter of award</i>
Insurance, if applicable	825

The scholarship will either be disbursed by the host institution, the German Embassy or will be paid directly to the scholarship holder's banking account. Further details will be announced after admission to the scholarship programme.

DAAD In-Country/In-Region scholarship holders are also encouraged to apply for a **research grant in Germany** for 2 up to 6 months. Please note: The short-term research stay in Germany should preferably be announced in the application for the regular scholarship and can only be awarded if the necessary financial means are available.

The short-term research scholarship includes:

- a monthly scholarship payment for living costs
- health/accident/personal liability insurance
- a flat-rate travel allowance

All further details regarding additional benefits and the additional application processes will be provided after admission to the scholarship programme.
